today we're going to make announcements for teacher. if a teacher wants to add a announcement the teacher first have to select the semester then teacher will select which semester, teacher can select all semester or a specific semester. Then teacher will select if the announcement is text based or a pdf based. If teacher select text based he will Add a title then the announcement and publish. Or a teacher can select pdf , if he selects pdf he will have to add a title of announcement and the pdf file then publish.
